Independent Auditor's Report

Minnesota Public Facilities Authority St. Paul, Minnesota

We have audited the accompanying financial statements of the business-type activities and major funds of the Minnesota Public Facilities Authority (the Authority), a component unit of the State of Minnesota, as of and for the years ended June 30, 2010 and 2009, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial positions of the business-type activities and major funds of the Authority as of June 30, 2010 and 2009, and the respective changes in financial positions and the cash flows where applicable thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis is not a required part of the financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures that consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

McGladrey of Pullen, LCP

Minneapolis, Minnesota October 15, 2010

Management's Discussion and Analysis

This section of the Minnesota Public Facilities Authority's (the Authority) annual financial report presents a discussion and analysis of the financial condition as of and financial activities for the fiscal years ended June 30, 2010 and 2009. Please read it in conjunction with the financial statements and notes following this section.

Introduction and Discussion of the Authority's Operations:

The Authority was created in 1987 by the State of Minnesota under Minnesota Statutes, Chapter 446A. The Minnesota Department of Employment and Economic Development provides administrative support services to the Authority. The Authority provides low interest loans and some grants to Minnesota municipalities to help finance infrastructure for clean water, drinking water, and transportation projects. Federal grants and state appropriations received by the Authority may be used directly or leveraged with proceeds of the Authority's revenue bonds.

The Authority has issued tax-exempt revenue bonds the proceeds of which are deposited into separate bond funds. Revenues and assets of each bond fund are separately pledged to the holders of that fund's bonds for debt service payments. Assets and revenues of the Authority outside of the bond funds are not pledged, and are used for grant and loan programs and general administration.

Financial Statement Presentation:

The basic financial statements following Management's Discussion and Analysis consist of those required for a special purpose governmental entity engaged in business-type activities:

- Statement of Net Assets This is presented in the format of assets (financial and capital resources) less liabilities equals net assets. The portion of net assets that is reported as restricted has constraints on its use due to bond resolutions and or enabling legislation.
- Statement of Revenues, Expenses, and Changes in Fund Net Assets This statement presents the accrual basis operations and the resulting change in fund net assets of the Authority for the fiscal year.
- Statement of Cash Flows This statement presents useful information regarding the sufficiency of cash flows to meet debt service requirements, because it includes cash flows such as principal received on loans and principal paid on bonds.

Statements for the fiscal year ended June 30, 2010 are followed by statements for the fiscal year ended June 30, 2009 to allow comparison of the Authority's financial position and results of operations for the current and prior fiscal years.

These statements are prepared on the accrual basis and present information on the Authority's overall financial position and results of operations. Assets and revenues of the separate funds contained within these statements are generally restricted as to use and the reader should not assume they might be used in any aggregate manner.

The Authority defines activities under each of its separate bond resolutions as major funds for financial reporting purposes, with all other accounts and activities outside of these bond resolutions reported in the Other Fund. A summary of the major funds reported by the Authority follows. A more detailed description of each is presented later in the section headed Analysis of Individual Funds' Balances and Transactions for Bond Funds.

- Clean Water Bond Fund (CWBF): In conjunction with the Minnesota Pollution Control Agency (MPCA), the Authority provides loans from the fund to municipalities for wastewater treatment projects certified by the MPCA.
- Drinking Water Bond Fund (DWBF): In conjunction with the Minnesota Department of Health, the Authority provides loans for public drinking water facilities.
- Transportation Bond Fund (TBF): Four separate closed resolutions have been created to make loans in cooperation with the Minnesota Department of Transportation: (1) TBF Series 1999A, (2) TBF Series 2001, (3) TBF Series 2006A, and (4) TBF Series 2008A.
- Other: All of the Authority's non-revenue bond activity and accounts are aggregated in the Other Fund.

Within each of the bond funds, the Authority uses bond proceeds, federal capitalization grants, and state matching funds to make loans, pay for the costs of issuing debt, and to fund debt service reserve accounts when used. Federal capitalization grants and state matching grants within these funds are recognized as contributed capital. Net loan repayments and investment earnings provide the necessary cash flow to pay the required debt service on the bonds.

The operations in the Other Fund consist of administrative costs paid by a portion of the loan repayments, fees, or by federal grant funds, and grant and loan programs funded through interest earnings, loan repayments, and federal grants and state appropriations, recognized in these accounts primarily as operating revenue.

Condensed Financial Information:

The following page presents condensed financial statement information as of and for the fiscal years ended June 30, 2010, 2009, and 2008.

[The remainder of this page is left blank intentionally.]

Analysis of the Authority's overall Financial Position and Results of Operations:

The table below summarizes certain financial activities during the fiscal years 2010, 2009, and 2008:

		2010	2009	2008
Operating revenues and ca contributions from federal and state appropriations:	-			
Clean Water Bond Fund Federal capitalizatio State appropriations	,	\$ 34,408,344	\$ 12,507,165 24,000,000	\$ 19,671,894 17,795,100
Drinking Water Bond Fund (DWBF): Federal capitalization grants State appropriations		14,322,977	10,653,580 1,012,895	18,249,697 10,246,386
Other Fund: Clean water federal grants Drinking water federal grants Transportation state appropriations State appropriations and fees		36,370,278 19,030,296 26,232,381 \$ 130,364,275	8,794,431 5,020,256 26,019,699 \$ 88,008,026	3,719,381 (6,100,000) 13,145,281 \$ 76,727,740
Bonds Payable (par):	issued defeased redeemed net change	343,105,000 (311,965,000) (49,200,000) \$ (18,060,000)	(59,150,000) \$ (59,150,000)	177,700,000 (44,755,000) \$ 132,945,000
Loans Receivable:	disbursed repaid transferred out * net increase	250,183,018 (104,624,461) \$ 145,558,556	186,195,887 (90,320,976) (66,016) \$ 95,808,895	180,831,699 (96,599,083) \$ 84,232,616

^{*} during fiscal year 2009 the assets of the Methamphetamine Lab Cleanup loan program were cancelled to the state general fund.

During the fiscal years ended June 30, 2010, 2009, and 2008, net assets changed by: \$66.9, \$55.4, and \$68.9 million, respectively. Volatility in this change is due largely to:

- Timing of federal and state capital contributions: \$59.1, \$52.0, and \$66.0 million, respectively.
- Changes in net investment earnings due to change in earnings rates but also the timing of bond sales and the average amount of undisbursed bond proceeds. Net earnings were \$7.4, \$15.5, and \$23.1 million, respectively.

The weighted average interest rate on outstanding loan balances at June 30, 2010, 2009, and 2008 were 2.62%, 2.66%, and 2.68%, respectively.

The weighted average investment earnings rate (earnings ÷ average daily cash and investments balance) during fiscal years 2010, 2009, and 2008 was 2.19%, 3.56%, and 4.85%.

Loan and grant approvals for the last three fiscal years were \$433 million (144 contracts) in fiscal year 2010, \$241 million (87 contracts) in 2009, and \$203 million (94 contracts) in 2008.

Discussion of Long-term Debt Activity, Credit Ratings, and Debt Limitations:

The Authority's outstanding debt limit is \$1,500,000,000. The Authority bonds do not constitute a debt of the State of Minnesota or any agency or political subdivision thereof (other than the Authority). The principal amount of bonds outstanding at June 30, 2010 was \$945,505,000.

During fiscal year 2010 the Authority issued State Revolving Fund Revenue Bonds (Clean Water and Drinking Water) of \$343,105,000. During fiscal year 2009 the Authority issued no bonds. During fiscal year 2008 the Authority issued Clean Water bonds of \$170,000,000 par and Transportation Series 2008A bonds of \$7,700,000 par.

The Clean Water and Drinking Water bonds are rated triple A by Standard and Poor's (AAA), Moody's (Aaa), and Fitch Ratings (AAA). The transportation bonds were rated: Series 1999A bonds: Standard and Poor's (AAA) and Moody's (Aaa); Series 2001 bonds: Moody's (Aa2); Series 2006A bonds: Moody's (Aaa); and the Series 2008A bonds: Standard and Poor's (AAA) and Moody's (Aaa).

Analysis of Individual Funds' Balances and Transactions for Bond Funds:

This section will provide general information on each bond fund, followed by presentation and analysis of more detailed financial information.

Clean Water Bond Fund (CWBF): This pooled bond fund is a part of the Authority's Clean Water State Revolving Fund, operated under the federal Clean Water program, CFDA #66.458. Initiated in 1989, twenty two series of bonds have been issued for \$2.21 billion par, which includes \$945 million for refunding prior issues. Federal capitalization grant awards and state match appropriations through June 30, 2010 were approximately \$737 million, net of non-pledged set-asides for administrative costs. The Authority has over the years transferred out approximately \$86.1 million from the CWBF for related but non-pledged programs known as non point-source programs. During fiscal years 2010, 2009, and 2008, the Authority transferred out \$0.87 million, \$2.5 million, and \$2.2 million, respectively, from net assets for these programs. The 2010 net amount reflects transfers-out of \$2 million, and transfers in, from the sunset non point-source program for Small Cities Septic Systems, of \$1.13 million. This activity is reflected on the Statement of Revenues, Expenses, and Changes in Fund Net Assets as transfers out of the CWBF to the Other Fund, then as expenditures in the Other Fund as sub-recipients expend the awards. Prior to removing assets from the CWBF, the Authority must meet conditions defined in the fund's basic bond resolution. The CWBF has made 381 loan commitments to 234 borrowers for approximately \$2.24 billion. The largest borrower, at \$1.05 billion in cumulative loan commitments as of June 30, 2010, is the Metropolitan Council.

Drinking Water Bond Fund (DWBF): This pooled bond fund is a part of the Authority's Drinking Water State Revolving Fund, operated under the federal Safe Drinking Water program, CFDA #66.468. Initiated in 1998, five series of bonds have been issued for \$219.9 million, which includes \$35.5 million for refunding prior issues. Federal capitalization grant awards and state match appropriations through June 30, 2010 were approximately \$265 million, net of non-pledged set-asides. The fund has made 262 loan commitments to 198 borrowers for approximately \$527 million. The largest borrower, at \$107.4 million in cumulative loan commitments as of June 30, 2010, is the City of Minneapolis.

Transportation Bond Fund (TBF): This fund consists of four closed, stand alone bond issuances with separate pledged assets and revenues for each:

- The series 1999A bonds of \$17.08 million par were issued in March 1999. The Authority transferred \$4.1 million in cash into the fund at issuance, from its non-pledged accounts. One loan for \$21.025 million was made to the Metropolitan Council.
- The series 2001 bonds of \$20.45 million par were issued in December 2001. The Authority transferred \$16.77 million in cash and loans receivable into the fund. Nine loan commitments totaling \$34.78 million form the loan pool pledged to these bonds, and a \$1.9 million debt service reserve account was also created from the assets transferred in.
- The series 2006A bonds of \$8.9 million par were issued in December 2006. The Authority transferred \$2.4 million in cash into the fund at issuance, from its non-pledged accounts. One loan for \$11.2 million was made to Stearns County.
- The series 2008A bonds of \$7.7 million par were issued in January 2008. The Authority transferred \$2.25 million in cash into the fund at issuance, from its non-pledged accounts. One loan for \$10 million was made to the Metropolitan Council.

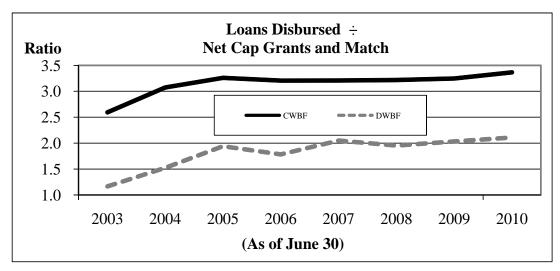

Criteria used in evaluating the financial results and conditions of the bond funds include:

- The efficient use of contributed capital to accomplish the goal of making below market rate loans to program participants (CWBF and DWBF).
- The ability to generate cash flows sufficient to make debt service payments (all bond funds).

Analysis of the efficient use of federal capitalization grants and state match:

The amount of loans disbursed by the CWBF and DWBF, compared to the net amount of federal capitalization grants and state match recognized in the funds, gives a measure of the effective use of the capital contributions. Timing of loan disbursements and use of federal and state funds may affect the ratios at any point in time, but over time this ratio should grow as the programs grow in size and loan repayments become a larger portion of the available sources for new loans. The following chart displays the ratio at June 30th for the past eight years.

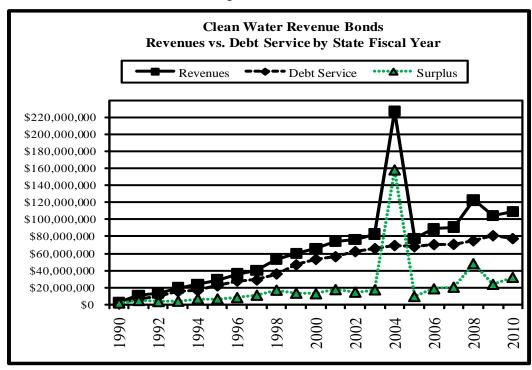

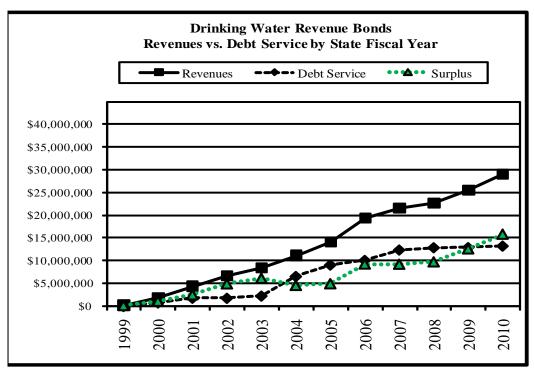

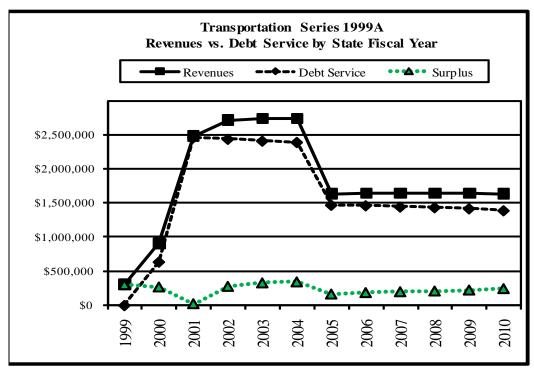

Analysis of historical cash flow sufficiency to make debt service payments:

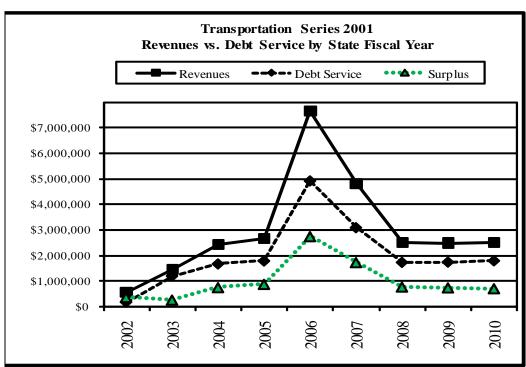

The following charts show each bond fund's cash flow history to date in meeting debt service payments. Annual total bond fund revenues, debt service, and net surplus are charted.

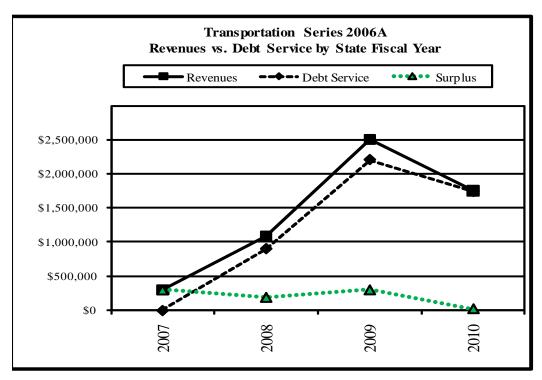

Charts of each fund's cash flow history to date in meeting debt service payments (note differing scales between the charts)

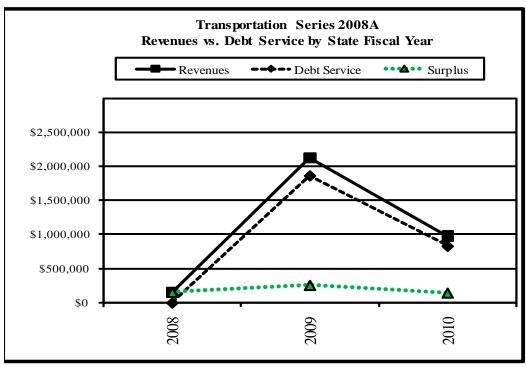

Financial ratios: the following table presents financial ratios regarding financial position and ability to generate cash flows sufficient to pay debt service requirements.

	Clean Water	Drinking Water	·	Transportati	on Bond Fund	
	Bond Fund	Bond Fund	Series 1999A	Series 2001	Series 2006A	Series 2008A
Current ratios						
June 30, 2010	3.94	3.42	1.22	1.45	3.47	1.34
June 30, 2009	5.42	5.20	1.22	1.45	1.86	1.94
June 30, 2008	6.12	6.31	1.21	1.51	2.31	3.39
Debt ratios						
June 30, 2010	0.54	0.37	0.79	0.51	0.74	0.78
June 30, 2009	0.55	0.38	0.79	0.53	0.77	0.74
June 30, 2008	0.58	0.41	0.79	0.54	0.76	0.77
Operating Income r	atios					
FY 2010	1.08	1.59	0.69	1.26	1.11	0.65

FY 2010	1.43	2.19	1.17	1.40	1.01	1.19
FY 2009	1.30	1.98	1.16	1.43	1.14	1.14
FY 2008	1.61	1.74	1.14	1.45	1.18	
current ratio:		current assets	s ÷ current lia	abilities		
debt ratio:		debt ÷ asset	cs.			
operating income radebt service coverage			venues ÷ oper nents + investm			service)

(1) During fiscal years 2009 the Authority called \$8.28 million of Clean Water bonds with available cash in the CWBF. The debt service coverage ratios do not include call redemptions with cash.

Even though operating income ratios for several of the Transportation Series are or have been less than 1, the cash flows are sufficient to pay debt service because the outstanding loan balance is greater than the outstanding bonds. This fact is reflected in the debt service coverage ratios, which includes principal repayments as well as interest. Principal repaid on the loans exceeds the bond principal requirements and more than overcome the lower interest earnings on the loans. These financings were structured such that projected repayments on the loans made are sufficient to pay debt service on the lesser amount of bonds issued.

Analysis of Individual Funds' Balances and Transactions for Non-Bond Funds:

The Other Fund includes grant and loan programs not funded with Authority bond proceeds, and the administrative costs for the Authority including costs of the Department of Employment and Economic Development, the Minnesota Pollution Control Agency (PCA), and the Department of Health. These administrative costs are funded partially from federal grants and partially from the fee portion of loans repayments.

The Authority, through inter-agency agreements, provides funds to Health, PCA, and the Department of Agriculture. The funds are from pass-thru of federal grant awards or from net assets removed from the CWBF. The following chart shows activity during the fiscal year:

		MPCA	Agriculture			DEED	Health		
	Clean Water		Best Mgmt		Small Cities		Drinking Wate		
Sub-Grants	P	artnership	Practices		Sep	otic Systems	Set-Asides		
New allocations	\$	1,000,000	\$	1,000,000	\$	(1,129,656)	\$	1,466,700	
Grant expense		1,041,991		1,304,999		(1,129,656)		3,378,823	

The Small Cities program is sunset and returned to the CWBF the full amount allocated to it in 1996; this was netted out with the other pass-thru grant expenses during the year. The drinking water set-asides originated from federal capitalization grant awards.

State Appropriations – The Authority received multiple appropriations during the 2010 and 2009 and legislative sessions. These appropriations are recognized as operating revenue or capital contributions as related expenditure obligations are incurred.

Discussion of Facts and Conditions Expected to Have a Significant Impact on Financial Position and or Results of Operations:

During fiscal year 2004 the Authority received early pay-offs on eleven CWBF loans with a total principal balance of \$146 million. The funds from these repayments were used to make new CWBF loans. Net revenues to the CWBF will be reduced from fiscal year 2005 through fiscal year 2014 because the new loans will have interest free and payment free periods and they will be made at rates lower than the paid-off loans. The Authority structured the CWBF bonds issued during fiscal year 2005 to offset the cash flow impact through this period in order to achieve relatively level revenue coverage in the CWBF.

The Authority adopts an annual Intended Use Plan (IUP) for the Clean Water program and for the Drinking Water program. The IUPs identify which projects may be considered for funding during the fiscal year, based on priority lists established by the MPCA for Clean Water projects and by the Department of Health for Drinking Water projects. The Authority reviews the long term funding capacity of the Clean Water Bond Fund and the Drinking Water Bond Fund when determining the level of funding for the annual IUPs. Since fiscal year 2001, excepting fiscal years 2005 and 2006, the Authority intentionally has approved a level of funding for the Clean Water program that exceeds the long-term sustainable capacity of the Bond Fund. It did so knowing that existing needs across the State to make improvements to wastewater systems was substantial and that construction related inflation makes delays in project starts costly to Minnesota communities. Meeting as much current loan demand as possible while preserving long term lending capacity to fund high priority projects throughout the State will be a continuing challenge.

Requests for Information

This financial report is designed to provide a general overview of the Minnesota Public Facilities Authority's finances. Questions concerning any of the information provided in this report should be addressed to: Minnesota Public Facilities Authority

Minnesota Public Facilities Authority Notes to the Financial Statements Years Ended June 30, 2010 and 2009

1. Summary of Significant Accounting Policies

The financial statements of the Minnesota Public Facilities Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States as applied to governmental entities. The Government Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles. The Authority has elected to apply all applicable GASB pronouncements as well as any applicable pronouncements of the Financial Accounting Standards Board, Accounting Principles Board, or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. Descriptions of the significant accounting policies follow:

Reporting Entity - The Minnesota Public Facilities Authority (the Authority) was created in 1987 by the State of Minnesota under Minnesota Statutes, Chapter 446A (the Act). Under the Act, the members of the Authority include the Commissioner of Employment and Economic Development, the Commissioner of Finance, the Commissioner of the Minnesota Pollution Control Agency (MPCA), the Commissioner of Agriculture, the Commissioner of Health, and the Commissioner of Transportation. The Commissioner of Employment and Economic Development serves as chair and chief executive officer of the Authority. These members serve as a result of their respective positions as commissioners, and their terms as members of the Authority coincide with their terms as commissioners. Pursuant to state law, commissioners may delegate and have delegated their duties as a member of the Authority in the event that the commissioner is unable to attend a meeting of the Authority.

The Minnesota Department of Employment and Economic Development (DEED) provides administrative support services to the Authority. The MPCA and the Minnesota Department of Health also provide staff to administer, in cooperation with the Authority, certain programs of the Authority.

Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, states that a primary government that appoints a voting majority of the organization's governing body, and either (1) is able to impose its will on the organization or (2) has the potential to receive specific financial burdens imposed on it by the organization, is financially accountable to that organization. Based on this criterion, the Authority is considered a discretely presented component unit of the State of Minnesota and is included in its basic financial statements.

The Authority is authorized to issue bonds. These bonds do not constitute a debt of the State of Minnesota or any agency or political subdivision thereof (other than the Authority).

Basis of Accounting – The Authority is a special-purpose government engaged only in business-type activities. The Authority has determined that all of its funds shall be classified as enterprise funds and are therefore accounted for on the proprietary fund-type basis. All assets and liabilities (whether current or non current) associated with their activity are included on their statements of net assets. Proprietary fund measurement is focused upon determination of net income, financial position, and cash flows. The Authority's proprietary funds are used to account for operations (a) that are financed

and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned, and expenses are recognized when incurred.

Fund Accounting – As a governmental entity the Authority organizes its accounts on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Government resources are allocated and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. All of the Authority's funds are classified as proprietary funds. The Authority reports the following major proprietary funds:

- Clean Water Bond Fund (CWBF) The Authority receives federal capitalization grants under Title VI of the Federal Clean Water Act, and state matching grants. These funds are leveraged with proceeds from the Authority's pooled Clean Water revenue bonds to provide below-market-rate loans to municipalities and eligible political subdivisions to facilitate the construction of wastewater treatment facilities. Before the Authority can approve any particular loan, the MCPA must certify the applicant's project based on technical and environmental reviews.
- Drinking Water Bond Fund (DWBF) The Authority receives federal capitalization grants under Section 1452 of the Safe Drinking Water Act and state matching grants. These funds are leveraged with proceeds from the Authority's pooled Drinking Water revenue bonds to provide below-market-rate loans to municipalities to finance costs of drinking water system infrastructure. Before the Authority can approve any particular loan, the Minnesota Department of Health must certify the applicants' projects based on technical and environmental reviews.
- Transportation Bond Fund (TBF) This program was initiated with a federal grant from the
 U.S. Department of Transportation to the Minnesota Department of Transportation (MnDOT)
 and state matching grants. The Authority administers the TBF, which provides loans to
 municipalities and eligible political subdivisions for construction of highways, bridges, and
 streets, and for purchasing transit capital. MnDOT must certify applicants' projects based on
 MnDOT's design standards. Four closed, stand alone series of revenue bonds have been
 issued.
- Other Fund In addition to the pledged bond funds, the Authority manages various legislative appropriations for similar purposes. One of the programs included in the Other Fund is the Wastewater Infrastructure Funding Program (WIF). The Authority receives appropriations from the Minnesota Legislature to fund the program, and in conjunction with any particular loan from the CWBF or financing from the U.S. Department of Agriculture's Rural Development Office, WIF Supplemental Assistance grants are given to eligible municipalities with high-cost wastewater projects. The Other Fund also includes the accounts and activities related to management of the State Revolving Fund programs.

Federal Grants and State Appropriations - The Authority receives federal capitalization grants from the Environmental Protection Agency and, through MnDOT, the Authority has received federal

highway money. This money is used primarily for funding of loans and has also been used as security on bonds, and a portion may be expended for administrative and other set-aside costs. The Authority also receives state appropriations as match to the federal grants and for other Authority loan and grant programs. These federal and state monies are recognized in the financial statements when the associated expenditure obligations have met the eligibility requirement. When used to capitalize the revolving loan funds they are recorded as capital contributions; when used for administrative costs or grants they are recorded as operating revenue.

Cash Equivalents - The Authority considers all investments with an original maturity when purchased of three months or less to be cash equivalents.

Loans Receivable - Loans receivable are carried at their unpaid principal balances, net of any allowances for loan losses. The allowances for loan losses are established based on management's evaluation of the loan portfolio. Generally, the Authority does not provide an allowance for loan losses as the loans are secured by the borrowers' general obligation and revenue pledges.

Investments - The Authority reports investments at fair value in the statement of net assets with changes in the fair value of investments reported in the statement of revenues, expenses, and changes in fund net assets. Fair value of investments was determined based on quoted market prices as of the reporting date. Guaranteed investment contracts of the Authority are contracts purchased from life insurance companies who guarantee the principal and return, and allow money to be withdrawn if needed. The Authority's guaranteed investment contracts are considered nonparticipating and, as such, are reported at cost. The Authority believes it has the ability and intent to hold all investments to maturity to recover the full carrying value of its investment portfolio and does not expect to realize any gain or loss from the market value adjustments as shown in the various funds.

Bond Discounts, Premiums, and Issuance Costs - Bond discounts, premiums, and issuance costs are amortized using the effective interest method over the term of the bond series.

Income Taxes - The Authority is an agency of the State of Minnesota and is exempt from federal and state income taxes.

Restrictions on Net Assets – The use of assets held within each separate bond fund is restricted by the terms and conditions of that fund's bond resolutions. All assets of the Authority, including those not restricted by bond resolutions, are limited in their use by state and federal laws under which the funds were appropriated and / or grant conditions imposed by the federal funding agency. The net assets in the Authority's administrative accounts are reported as unrestricted because they are used for general operating activities.

Defining Operating Revenues and Expenses and Operating Cash Flows - The Authority issues revenue bonds to leverage the capital contributions it receives from federal capitalization grants and state matching grants. These funds are then used to make below-market-rate loans to municipalities and to pay for certain costs of issuance. Investment interest and loan repayments generate the cash flow required to make debt service payments on the bonds. Interest from loans and investment income are included as part of operating revenues and interest expense on bonds is included in operating expenses.

Use of Estimates - The presentation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certain Risks and Uncertainties - The Authority invests in various securities including U.S. government securities, and guaranteed investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Reclassification of Certain Revenues - Certain revenues on the statement of revenues, expenses and changes in fund net assets for the year ended June 30, 2009, have been reclassified, with no effect on the change in net assets, to be consistent with the presentation for the year ended June 30, 2010.

2. Deposits, Investments, and Securities Lending Collateral Transactions

Deposits – The Authority's investment policy requires it to follow state statutes. Cash deposits of the Authority are invested in a state pool and the pooled balances are insured or collateralized in accordance with Minnesota State Statutes. At June 30, 2010 and 2009, \$138,186,166 and \$232,983,382, respectively, of cash deposits were interest-bearing and \$1,561,908 and \$1,829,321 respectively, of cash deposits were non interest-bearing.

Investments - The Authority's investment policy limits investments to those permitted by the bond resolutions and the Authority Act. They are composed primarily of notes and bills of the U.S. Government and its agencies and guaranteed investment contracts. Information regarding the Authority's investments is provided below to give an indication of the risk level assumed at year-end.

Interest Rate Risk - The Authority does not have a formal investment policy that limits maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk – For an investment, the custodial credit risk is that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, the Authority will not be able to recover the value of its investments that are in the possession of another party. The Authority requires for all securities purchased that the securities are at all times insured, registered in the Authority's name or in the possession of the Authority.

Credit Risk - Excluding U.S. Government backed securities, the Authority's investments at June 30, 2010 and 2009 carried the following ratings by the three nationally recognized statistical rating organizations shown:

	Standard		Moodys Investors
Investment type	& Poors	Fitch Ratings	Service
Federal Home Loan Bank	AAA	AAA	Aaa
Federal Farm Credit Banks	AAA	AAA	Aaa
Federal National Mortgage Association	AAA	AAA	Aaa
Federal Home Loan Mortgage Corporation	AAA	AAA	Aaa
State & Municipal Securities	AAA	AAA	Aaa
Guaranteed Investment Contracts	not rated 1		

¹ The Guaranteed Investment Contracts are not rated but are backed by U.S. Government securities.

Concentration of Credit Risk: For the investments held by the Authority at June 30, 2010 and 2009, state law places no limits on the amount that may be invested in any one issuer. The Authority's investment policy does not limit the amount invested in any one issuer. Excluding U.S. Government backed securities, more than 5% of the Authority's investments are in the following issuers:

Concentration of Credit risk:	June 30	, 2010	June 30, 2009		
Issuer	Fair Value	% of Investments	Fair Value	% of Investments	
Federal Farm Credit Banks	\$ 55,063,553	50%	\$ 16,475,052	17%

¹ WAM: weighted average maturity in years based on par amount.

Securities Lending Collateral Transactions – State statutes do not prohibit the State from participating in securities lending transactions. To enhance the return on investments, the State has, by way of a Custodial Trust Agreement, authorized Wells Fargo Bank, Minnesota, N.A. (Wells Fargo) to act as agent in lending the State's securities to broker-dealers and banks pursuant to a form of loan agreement.

During fiscal year 2009, Wells Fargo lent, on behalf of the State, certain securities held by Wells Fargo as custodian and received cash (United States currency) and securities issued or guaranteed by the United States government, and irrevocable bank letters of credit as collateral. Wells Fargo did not have the ability to pledge or sell collateral securities absent a borrower default. Borrowers were required to deliver collateral for each loan in amounts equal to not less than one hundred percent (100%) of the fair value of the loaned securities, plus accrued interest.

In the event a borrower fails to return a loaned security or fails to pay distributions thereon, Wells Fargo protects the State by purchasing replacement securities or returning the cash collateral. There were no such failures by any borrower to return loaned securities or to pay distributions thereon during the fiscal years. Moreover, there were no losses during the fiscal years resulting from a default of the borrowers or Wells Fargo.

The State and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested in the separately managed funds of the SBI.

During fiscal year 2009, trading activity was light and had ceased entirely prior to June 30, 2009. No securities lending income, or securities lending rebate and fees, are reported for the Authority during fiscal year 2009 or 2010.

⁽¹⁾ Henning: \$500,000 of the original principal amount amortized at -0-% with the balance amortized at 2.23%

⁽²⁾ Walnut Grove: \$500,000 of the original principal amount amortized at -0-% with the balance amortized at 1.74%

Borrower concentration in the open pool bond funds:

Borrower concentration, Clean Water Bond Fund: only one borrower's loan balance exceeds ten percent of the Clean Water loan portfolio. At June 30, 2010 and 2009, the Metropolitan Council made up 45.1% and 48.0%, respectively, of the outstanding Clean Water loan balances.

Borrower concentration, Drinking Water Bond Fund: only one borrower's loan balance exceeds ten percent of the Drinking Water loan portfolio. At June 30, 2010 and 2009, the City of Minneapolis made up 21.1% and 20.6%, respectively, of the outstanding Drinking Water loan balances.

Projected loan repayments:

The tables on the following two pages show projected repayments on outstanding loans. The repayments include as yet undisbursed amounts and are net of projected fees. Repayments will differ from projected for loans that are not yet fully disbursed.

The projections include only fully executed loans (listed above). The Authority anticipates funding a significant amount of new loans from existing resources; these loans will add to future repayment streams but are not included in the following projected repayments.

All loans of the Authority are secured by the borrowers' general obligation and revenue pledges, except the DWBF loan to Saint Paul.

[The remainder of this page is left blank intentionally.]

Schedules of Future Loan Repayments – At June 30, 2010, scheduled loan repayments on outstanding loans are payable as follows:

- ¹ Final maturity reflects the latest maturity currently outstanding.
- ² This amount is reflected on the statement of net assets as a reduction of bonds payable.

Bond Proceeds – The net bond proceeds have been used to fund loans to Minnesota municipalities for projects relating to wastewater treatment facilities, drinking water systems, and transportation. A portion of the 1998A Series was used to refund portions of the 1989A, 1991A, 1991B, and 1995A Series bonds. A portion of the 2004BC Series was used to refund portions of the 1995A, 1996B, and 1997AB Series bonds. A portion of the 2004D Series was used to refund portions of the 1998B, 2000A, 2001A, and 2002A Series bonds. A portion of the 2005A Series was used to refund portions of the 1999B and 2002B Series bonds. The 2005B Series proceeds were used to refund portions of the 1998B, 2000A, 2001A, and 2002A Series bonds. A portion of the 2005C Series was used to current refund portions of the 1996A Series bonds. A portion of the 2010A Series was used to current refund portions of the 1998A bonds, and a portion of the 2010A Series was used to advance refund portions of the 2004C, 2005C, 2007A, and 2007B bonds. For the Series 2010A refunding, the difference between the net carrying amount of the refunded bonds and the amount placed in escrow was approximately \$21.8 million. This amount has been deferred and is being amortized over the shorter of the remaining life of the refunded bonds or the life of the Series 2010A refunding bonds. The amount deferred on refunding is reflected in the financial statements as a reduction of bonds payable and is being charged to operations through the year 2027 using the effective interest method. The refunding will reduce debt service payments over the next 16.5 years by approximately \$24.8 million and obtains an economic gain (the difference between the present value of the old and new debt service payments) of approximately \$19.6 million.

Security - The bonds are secured by bond program assets and revenues as defined in the applicable basic and series bond resolutions.

Bonding Authority - The Authority's outstanding debt limit is \$1,500,000,000. The Authority bonds do not constitute a debt of the State of Minnesota or any agency or political subdivision thereof (other than the Authority). The principal amount of bonds outstanding at June 30, 2010 was \$945,505,000. Advanced and Current Refunding of Debt - The Authority has, on nine occasions to date, issued bonds the partial proceeds of which were used to defease or call certain prior debt issuances. In each case of defeasance, the Authority established an irrevocable escrow fund pursuant to an escrow agreement between the Authority, the Minnesota State Board of Investment, and an escrow agent. The escrow funds are pledged solely to the repayment of principal, premium, and interest on the

refunded bonds. Under the agreements, the refunded bonds will be called for redemption at each series' applicable optional redemption dates. As these bonds have, in effect, been redeemed under the defeasance, they are no longer outstanding under the Authority's applicable bond resolutions and therefore, they are not entitled to the pledge of the applicable resolution. Accordingly, these bonds and the related escrow funds are not reflected in these basic financial statements as of June 30, 2010.

The following table lists all bonds defeased and not yet redeemed as of June 30, 2010:

				Refunded	Par Refunded

5. Arbitrage Rebate Liability

The bonds issued by the Authority are subject to a variety of Internal Revenue Service (IRS) regulations that limit the amount of investment income that may be earned on certain funds to an amount not greater than the amount that would have been earned had the funds been invested at the yield on the related bonds as defined by the IRS. Excess earnings must be rebated annually, or every five years, depending on the date and type of bond issue. During fiscal years 2010 and 2009 the Authority paid approximately \$1.1 million and \$-0-, respectively. The Authority's arbitrage rebate liability at June 30, 2010 and 2009 was approximately \$2.1 million and \$3.8 million, respectively.

6. Related-Party Transactions

Administrative Services - The DEED, Department of Health, and MPCA provide administrative staff and services to the Authority. During fiscal 2010 and 2009, the Authority paid approximately \$4.6 million and \$3.2 million, respectively, for these services.

Transfers - The Authority has, from CWBF net assets, made sub grant awards for non point-source pollution control programs administered by the Minnesota Department of Agriculture, the MPCA, and DEED. As the Authority makes these awards a transfer out of the CWBF to the Other Fund is recognized. Such transfers during fiscal 2010 and 2009 were \$0.87 million and \$2.5 million, respectively. The 2010 amount is net of a transfer back from the sunset Small Cities Septic program of \$1.1 million. In fiscal year 2010 and 2009, approximately \$1.5 million and \$1.6 million, respectively, were transferred from the TBF Funds to the Other Fund, from excess bond year pledged revenues over bond year debt service in the TBF Funds.

State Appropriations:

- The Capital Improvements bill of 2010 (Chapter 189, Section 22) appropriated \$30.0 million to the Authority for state match to the federal clean water and drinking water capitalization grants, and \$27 million for the WIF program.
- The State Government Economic Development bill of 2009 (Chapter 78, Article 1, Section 4) appropriated \$93 thousand for state fiscal year 2010 and \$93 thousand for state fiscal year 2011 to the Authority for the Small Community Wastewater Treatment Program under Minnesota Statutes 446A.075.
- The Outdoor Heritage bill of 2009 (Chapter 172, Article 2, Section 3) made the following appropriations:
 - \$8,816,000 for state fiscal year 2010 and \$12,834,000 for 2011 for the Total Maximum Daily Load grant program under Minnesota Statutes, section 446A.073.
 - \$4,125,000 for 2010 and \$4,425,000 for 2011 for the Clean Water Legacy
 Phosphorus Reduction grant program under Minnesota Statutes, section 446A.074.
 - \$500,000 for 2010 and \$2,000,000 for 2011 for the Small Community Wastewater Treatment Program under Minnesota Statutes 446A.075

7. Commitments

At June 30, 2010 the Authority had committed approximately \$314 million for the origination or disbursement of future loans, and \$24 million for grants.

8. Subsequent Events

On August 9th, 2010, the Authority authorized the issuance of additional State Revolving Fund Revenue Bonds (Clean Water and Drinking Water) not to exceed a total par amount of \$350,000,000, and Transportation Revenue Refunding Bonds for the Transportation Revenue Bonds, Series 1999A (Metropolitan Council Project) and for the Transportation Revenue Bonds, Series 2001 (Closed Loan Pool). The Authority intends to publish official notices of sale in advance of the sale dates. As of the date of this report, the Authority estimates that the par amounts will be approximately \$300 million for the State Revolving Fund bonds, and \$9 million for the Transportation refunding bonds.

Independent Auditor's Report on the Supplementary Information

Minnesota Public Facilities Authority St. Paul, Minnesota

Our audits were made for the purpose of forming opinions on the financial statements that collectively comprise the Authority's financial statements. The supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
